P.E

We have P.E lessons on **Monday** and **Friday**. Please make sure that your child comes to school in their correct PE kit on these days. If your child is unable to participate in a P.E lesson, please send a note giving reasons. Children should wear a black St Gabriel's fleece or plain black sweat shirt. In the colder weather children can wear plain black tracksuit bottoms, plain black jogging bottoms, or plain black running leggings. Children are not allowed to wear hoodies to school (this includes during PE lessons).

Reading

Children should choose a book from the class library to read at home every night. It is important that your child has the opportunity to read at home every day. When your child reads, please ensure they record their progress in their reading record as this will allow both teachers and parents/carers to monitor your child's reading. These books should be brought into class every day to be checked by the teacher. Keeping up with reading at a high level is a sure way of ensuring a good start to secondary school. We will be maintaining our focus in this area.

Homework

We will continue with Genius Work - some of the work brought in was of an excellent standard, we must ensure that this continues, and everyone is fully involved. Pupils will also be set spellings and times tables. It is imperative that these are learnt for a test at the end of the week.

There are additional learning resources available for the children to take home and work on Google Classroom. Please continue to encourage them to do this.

Attendance

A quick reminder that it is imperative your child arrives at school promptly each day. Not only will this add toward cheques for class 6 trips and experiences, but we will continue to start each morning with ten minutes of maths fluency which will really support your child's understanding of the concepts they will study in Year 6 and prepare them for their SATs.

Class 6 Newsletter

November 2026

Real London Lives
World War 2

Welcome back! I hope you have all enjoyed your half term break. I would like to take this opportunity to thank everyone for their support - Class 6 have made a brilliant start and settled back into school excellently - we must ensure this continues this term. This term we will continue to raise expectations for the quality and quantity of work that is being produced.

As the weather is getting colder, please ensure that your child is bringing a coat or fleece into school. The children in Class 6 were looking extremely smart last half term so please keep it up and remember that black school shoes are a must.

We are all looking forward to getting back to work and encouraging the children to reach their potential. The Class 6 team are committed to ensuring your child is supported in achieving their best and so if you have any concerns or questions please feel free to arrange a time to speak with me.

Miss Carbery

2:30-3:30	Science	Genius check-in	Computing	DT	MFL/PSHE

Maths: Having established a solid knowledge and understanding of the four operations, calculation and properties of number we are going to continue our learning with fractions and measurement.

Literacy: This term in Literacy we will be concentrating on a number of genres based on Shakespeare's Macbeth. We will complete a balanced argument as well as strengthening our knowledge of grammar by focusing on formal language, layout devices and the use of the perfect form of verbs.

Science: Our Science topic this term is 'Electrifying!' The children will learn to develop their understanding of electrical components, giving reasons for variations in how components function.

Religion: Religion this term will be focused around Christmas. We will be looking at how Christmas is advertised both locally and globally. The children will be given the opportunity to discuss their own experiences with different cultures at Christmas time.

History: This term we will be continuing our study of Real London Lives and how World War 2 impacted Britain. As part of this, we will be visiting Westminster Abbey on Friday 6th November and learning about the Unknown Warrior.

Design Technology: This half term we will be creating prototypes of school playgrounds.

PHSE: Following statutory national curriculum objectives, we will be looking at different types of relationships, family structures and how some families can look different to our own. More information on our RSE and PSHE curriculum is available on the subjects page of our website.

Music: We will continue to work with PMF, focussing on the ability to perform rhythmic patterns confidently and with a strong sense of pulse, in preparation for a concert on Wednesday 2nd December.

Computing: We will be learning about the huge importance of online safety.

PE: The children will be focusing on netwall skills (games that involve nets such as tennis and badminton) as well as taking part in 'Boxercise'.

Spanish: Children will learn pronunciation of school subjects as well as focusing on the use of regular verbs.
