Excellence with Compassion

Dear Parents and Carers,

Year 5 recently went on an exciting trip to the Natural History

Museum and got to explore different life cycles for their science unit this half term. They dove deep into life cycles of different creatures, learned about

endangered species and evolution too! They also explored different minerals that can be found in Canada's Arctic Tundra in relation to our geography unit. All in all, they had a fantastic day!

Year 4 Visit to the British Museum

As part of their Anglo Saxons topic, Class 4 visited the British Museum. They saw some amazing primary sources dating back hundreds of years. It really helped to bring their history topic to life, and the class were fantastic ambassadors for St Gabriel's.

This week:

Year 4 is off to Westminster Abbey, Class 1 are visiting the library. And we have no Family assembly on Thursday. We also have...

Artsmark
Silver Award
Awarded by Arts
Council England

SATS Week this week

This week is SATs week for year 6. Today they took their first test – the Spelling Grammar and Punctuation. All the children have worked incredibly hard all year and have made fantastic progress. They should be very proud of themselves – we know that we are very proud of them! Good luck Year 6.

Coming up...

International Week

Next week is international week. Please see our recent International Week letter for more details.

Use of cameras in school

Regretfully we are no longer able to allow parents to take photos during family assembly or other performance events. Please ensure that these remain in your pockets or bags during assemblies or other events. We respectfully ask you to support us in this as we do not want to draw attention to individual parents or carers, by having to approach them and ask them not to film or take photos. Many thanks in advance for your understanding.

We have been asked to advertise the following from our partners:
